

NEW

[1] Touchpad
User-friendly touchpad depicts beverage selections. The Egro 5513 offers 14 choices, including decaf versions and size options.

[2] Cappuccino
The Egro 5513 prepares perfectly proportioned, frothy rich cappuccinos and lattes to your specifications.

[3] Brew Group
The compact brewing unit is the powerhouse of the Egro, located just inside the door for easy service access. A heated brewing chamber maintains espresso temperature. Two independently controlled pistons provide controlled tamping pressure. The intelligent tamping system automatically adjusts to any environmental changes.

EGRO

Professional image

- Clean, linear design
- Compliments any decor

Reliability

- Stainless steel brewing unit
- Two heavy-duty Ditting grinders
- Easily accessible components make the machine user-friendly

TECHNICAL FEATURES

Automatic steaming and foaming of milk. Programmable -pre-infusion settings provide precise, consistent extractions. Adjustable espresso outlet accommodates cup sizes up to 32 oz. Comprehensive diagnostic system allows for simple troubleshooting using the touchpad. Deeper brew chamber provides optimal extraction quality. Patented milk rinsing system ensures hygienic milk-delivery lines for fresh, pure beverages every time.
